

INDIAN TECHNICAL TEXTILE ASSOCIATION

Presents

INTERNATIONAL CONFERENCE ON “TECHNOLOGY & MACHINERY INNOVATIONS FOR TECHNICAL TEXTILES”

19th January 2019
Bombay Exhibition Centre, Mumbai, India

ABOUT CONFERENCE

Technical Textile and Nonwoven Industry is the emerging area of the global Textile Industry, which has an immense scope and potential in India. To enrich knowledge about the latest global innovations on new technology & machinery on production of all segments of Technical Textile through Nonwoven, weaving, Knitting and Processing, its market potential and future prospects across the globe, ITTA is organizing this International Conference for the benefit of the Indian Technical Textiles industry. It brings together participants from the machinery manufacturers & suppliers, technology providers, product manufacturers, new entrepreneurs and investors in one platform.

OBJECTIVE

Conference will create awareness to the delegates on the latest innovations in Technology and Machinery. Conference will bring new breakthroughs in manufacturing technology and machinery for producing innovative technical textile products.

BENEFITS

Conference will enhance their knowledge base and initiate the process of product innovation which would eventually lead to emergence of opportunities for increased application of these products in important segments of technical textiles.

CONFERENCE TOPICS

Eminent speakers from Technical Textile Machinery manufacturers, technology providers, machinery suppliers, COEs and user industries in Government and private sectors will present the following topics of interest to the Technical Textile Industry during the one-day Conference.

- Supply Chain in Technical Textiles and Nonwovens
- A Sustainable Solution to Post Consumer Textiles and Nonwovens
- Developments in Weaving & Knitting Technology and Machinery
- Machinery and Technology Innovations on Nonwovens
- Modern Technology & Machinery for Coating and Lamination
- Trends in Technical Textiles and its future in India

WHO SHOULD ATTEND?

- Machinery Manufacturer
- Technology Providers
- Machinery Suppliers
- Suppliers of Spare Parts
- Agents/ Dealers
- New Entrepreneurs
- Investors
- R & D Companies
- Government Officers
- COEs
- Consultants
- Textile Universities & Colleges

ABOUT ORGANIZER (ITTA)

The Indian Technical Textile Association (ITTA) is the only association of the technical textile industry in India. Formation of ITTA was facilitated by Office of the Textile Commissioner, Ministry of Textiles, Govt. of India. ITTA membership represents the entire technical textile value chain from raw material to finished goods producers, machinery manufacturers, consultants, centers of excellence and R&D institutes. At present, ITTA has over 300 members. During the last seven years, ITTA has undertaken a number of activities like organizing conferences, exhibition, workshops on govt. support schemes, taking up the industry issues with Govt. agencies. ITTA has become a founding member of ASIAN PACIFIC NONWOVENS FEDERATION (APNF) along with INDA, USA and CNITA, China to focus on building bridges and promoting the common interest of technical textiles, including nonwovens in Asia-Pacific region. ITTA represents in almost all the BIS Sectional Committees of technical textiles to develop Indian Standards on technical textile products and their test methods. With the participation of its members, ITTA has formed focused Sectoral Committees on major technical textile sectors to promote, analyze the gaps in Technology, Government Policies, Quality, standardization, etc and formulate recommendation to competent authority for the growth of the respective segments of technical textiles.
